Abstract not available for DE19625094

Abstract of corresponding document: **US5928738**

The invention relates to a biaxially stretch-oriented and heat-set, single-layer or multilayer shirred stick, polyamide-based packaging casing which has a stirring density of up to 1:200, at a length of the shirred stick of from 40 to 100 cm, and to a process for producing the packaging casing.
